

Blue Coat C.E(A) Infant School

Acceptable Use (Internet Safety) Policy

At Blue Coat we recognise the positive potential of the World Wide Web and Internet.

Internet use is a part of the statutory curriculum and a necessary tool for staff and pupils.

We provide supervised access to the Internet as part of the children's educational development of ICT skills. Use of the web and e-mail is part of the world today.

The school has a set of rules and guidelines for Responsible Internet Use which are discussed in class before internet use.

The school will take all reasonable precautions to ensure that users access only appropriate material. However, due to the international scale and linked nature of Internet content, it is not possible to guarantee that unsuitable material will never appear on a school computer.
